# SkyStation Cover for Oil based cooking

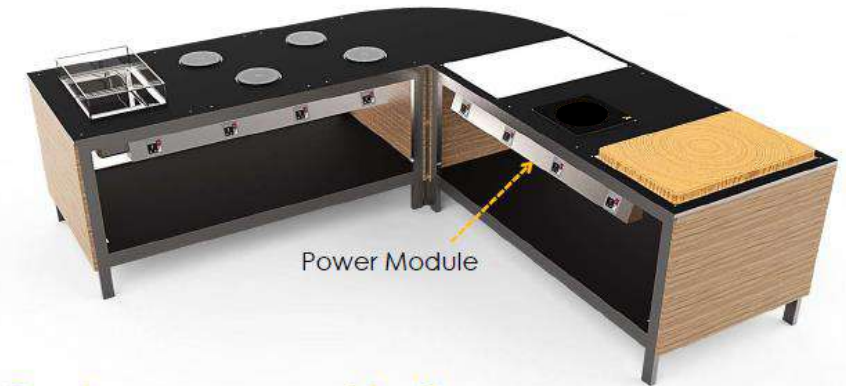

# Corner Unit

Combine a self-standing station to form a full-fledged buffet. Add the smooth, rounded corner table to seamlessly integrate multiple stations for a modern and sophisticated set-up. Locking casters or fixed legs both add safety and stability. The corner table is made of stainless steel construction with 3 reversible Textured/Black laminate shelves.

**SS brushed finish frame**

**Reversible dual finish panels**

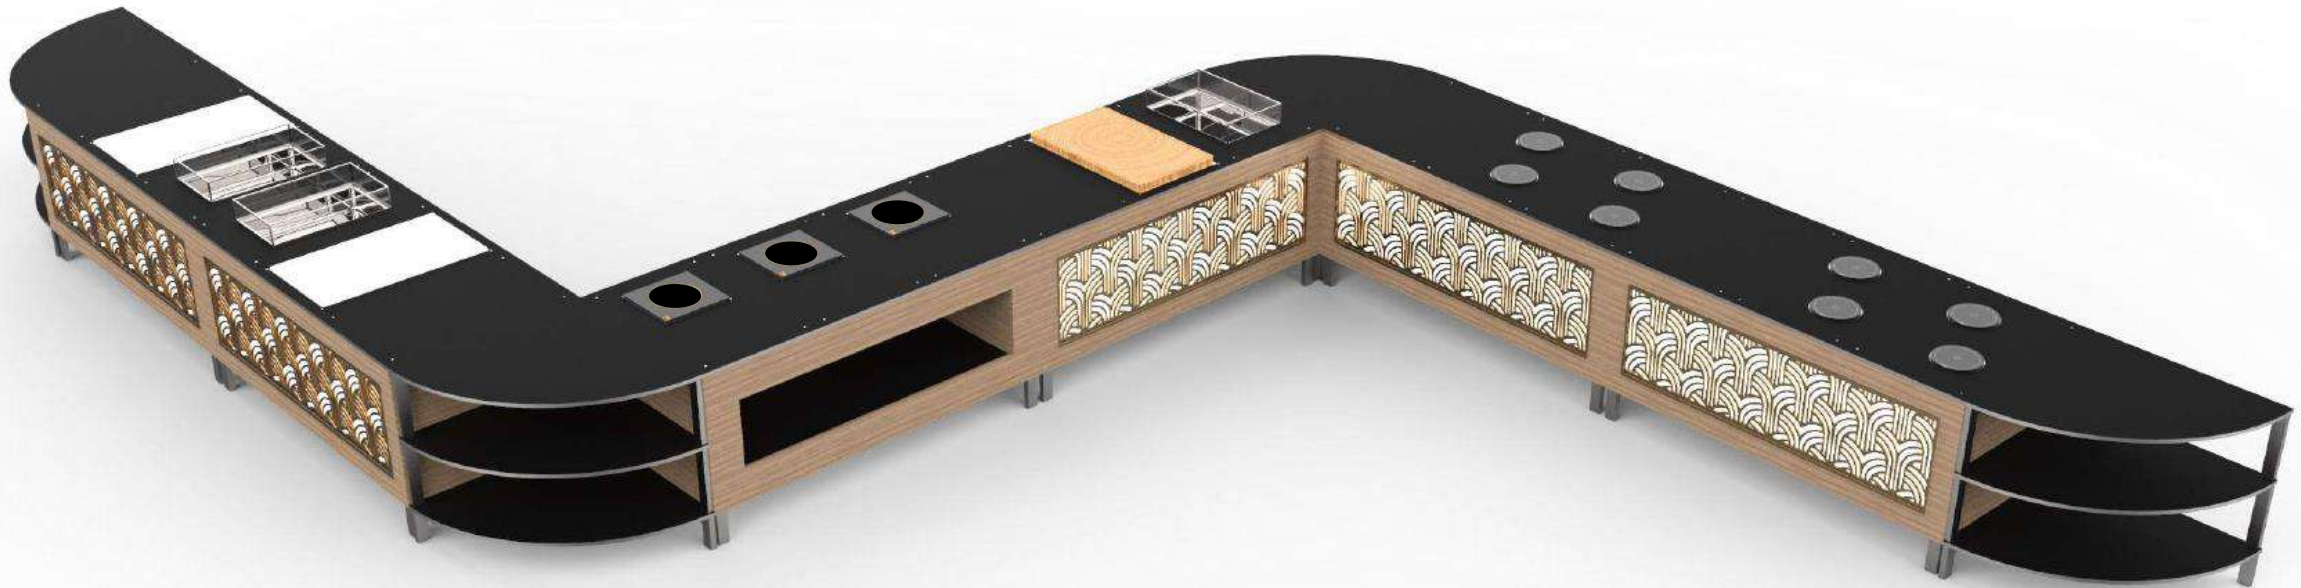

Power Module

**Create your own combinations**

# Sky Stations

Combine tabletops and panels to create unique buffet systems. Add the smooth, rounded corner table to seamlessly integrate multiple stations for a modern and sophisticated set-up. Locking casters add safety and stability. The Base Frame is the genius behind it all!

# Storage & Transport

Don't let storage limitations hinder your performance. Store and roll the hub into and out of your venue with ease. The cart comes complete with a sturdy, steel frame, felt-covered rails, and heavy-duty casters to lock and brake easily.

**Holds up to 8 Base Frames**

**Keep your utility tiles safe**

**Dust Cover**
